## First and foremost...

We truly applaud your proactivity and willingness to create a local HEAL chapter and bring about change in your local community.

Starting a chapter will take effort and time, but the positive turnout from patients, friends, and the HEAL community serves as a constant reminder to applaud your diligent efforts.

Whether it is your first time leading a group or being involved in such activities, we will make sure provide you with the right base and foundation needed in order to successfully execute your chapter. Your chapter can be in your school, city, state/region, or country!

The effort you put into creating an impact in someone else's life will never be forgotten. Your time and goodwill will help someone which is truly in need. We thank you again for your interest.

Thank you to all of you for continuing to be the driving force behind HEAL for Health (HFH).

More details on logistics and setting up your chapter on the next page!

Here Jumanah (HEAL's Founder) is being seen conducting an activity in a rural area of West Bengal India. The circle is formed by people of all different age groups, which emphasizes the inclusivity we aim to foster at HFH.

A short note from the founder

*Jumanah Manzary*  
*Founder and Director*

It feels like just yesterday the seed of HEAL for Health was planted, and today it stands mighty tall: blossoming, spreading its branches far & wide, and reaching those in need with health education and compassion.

Our mission is not just about providing medical assistance, but rather, empowering individuals with knowledge and the tools to lead healthier lives.

None of this would have been possible without the steadfast support of our HEAL community (which you're also a part of!) From the bottom of my heart, I want to thank you for your bountiful compassion along our journey.

Lets HEAL the world together.  
One fundraiser, one workshop,  
one webinar, one day at a time.

## What's a HEAL Chapter?

A HEAL chapter is a branch of HEAL FOR HEALTH (HFH) which wants to expand our initiatives & bring local change to their communities.

A chapter can be within a school, city, state, or country. HEAL stands for Health Education and Literacy, which is what we aim to promote through every chapter. The main goals of HFH are to fundraise, raise awareness, educate, and support patients.

As mentioned on our website, HFH aims to foster health equity across a gradient of socioeconomic levels. In some of our HEAL chapters, this means conducting workshops in rural communities. In others, it can be simply in your community, local hospital, school, etc.

Every event means so much to us! Whether its a school-based activity, or a community meet-up, we value your contributions and efforts to start and sustain a HEAL Chapter. Every thought counts!

# SETTING UP

## Once your we approve your application you must:

**CREATE AN INSTAGRAM ACCOUNT-** Create an Instagram account which mentions our main page (@healforhealth\_) in bio. You are requested to format the handle the following way. @heal.(School or community name abbreviated) - e.g, @heal.illinois. Once you are finished creating an Instagram account please email us your handle.

## CREATE A HEAL CHAPTER EMAIL

You will then create a HEAL email. Please format the email the following way:

"heal.(school or community name abbreviated) @gmail.com"

e.g, heal.paris@gmail.com

Use this email for all inquiries and transmissions.

**You are also requested to CC healforhealth.org@gmail.com on all emails.**

## START REACHING OUT TO LOCAL HOSPITALS/BUSINESSES

To create a successful chapter you need to start partnering with your local hospitals and businesses to discuss possible ways to help individuals in need. By doing so you will be able to raise awareness and create a widespread message. Note\* if you already have a business in mind, email us their email and address.

Once we have approved your HEAL chapter, we'll send you our guide to activities, events and workshops you can hold in your HEAL chapter!

We thank you once again for your interest in creating this chapter.

Welcome to the HEAL family :)

We wish you well and good luck!
